the effect that they would not have found Billik guilty but for the testimony of Jerry Vard.

Natural of a rebelling by the State Supreme Court and refusal of the State Board of Pardons to interfere and the refusal of a writ of habeas corpus by Federal Judge Landis were among the last phases of the struggle to save Billik's life.

A series of remarkable mass meetings were held yesterday, addressed by Father O'Callaghan, Jerry Vard and John Billik, the fortune teller's daughter, who has been a pathetic figure in the case. The mass meetings resulted in a unanimous appeal to Gov. Deness, a volunteer party, who paid their own fares to Springfield in the hope that a personal talk to the Governor might prove effective in at least gaining a commutation for Billik to life imprisonment.

WITNESS BRUTAL MURDER.

Terrorized Men and Women Watch Robbers Kill Actor on Street of New York.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 12.—While a dozen terrorized men and women looked on from the windows of surrounding houses in West Twenty-seventh street two highwaymen today beat to death and robbed a man claiming to be Albert Crosby. Crosby was an actor and had been playing in "The Road to Yesterday."

He was still breathing when the robbers raised his body and he died in a hospital while the surgeons were preparing to trephine his shattered skull.

According to the stories of eye-witnesses, the victim of the assault was sauntering slowly down the street when two men who had been walking behind him sprang upon him. One of the men seized him by the throat and while he held him the other struck Crosby a crushing blow on the forehead with a black-jack.

Then as the man continued to struggle in an effort to free himself the man with the black-jack struck a second blow. Crosby fell to the sidewalk unconscious. As he lay there the robbers raised his pockets and before an alarm could be given, an ambulance was called out but Crosby only lived a few minutes after reaching the hospital.

The dead man was about 35 years old.

BURNED BOY ON STOVE.

BRUTAL CHARGE AGAINST COOK.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE, June 12.—[Exclusive Dispatch.] Andy Johnson, a cook in the Boulevard restaurant, holding C. Varda, a dishwasher, in a vice-like grip, forced Varda's arm down on the red-hot surface of the restaurant range until the flesh started and cooked, according to the tale told by Varda today when he swore to a complaint against Johnson.

The torture inflicted on Varda was the result of a disagreement between the two regarding the way in which the clean dishes should be stacked. The argument grew warm and in the heat of it Varda says Johnson seized him about the neck, holding his head fast under his arm. With the other hand he seized the wrist of the struggling boy and dragged him over to the red-hot stove.

Varda's arms were bare, and Johnson forced one of them down on the red surface of the metal. The agonizing shrieks of the dishwasher brought others in the kitchen to his aid, but not before one arm had been burned from wrist to elbow.

Johnson has not been caught.

CLUBMAN SENTENCED.

LONG TERM FOR AUTO KILLING.

(BY THE ASSOCIATED PRESS—A.M.)

SEATTLE, June 12.—Guy C. Stratton, prominent club man and lumber man, whom a jury convicted on May 14 of manslaughter on the charge of having run over and killed ten-year-old Henrietta Johnson, while speeding his automobile on Sunday, January 24, was today sentenced by Judge Foster of the Superior Court to an indeterminate term of from one to twenty years in the State penitentiary, and to pay a fine of \$500.

This is the first conviction for manslaughter under the provision of the State automobile law. The defense gave notice of an appeal.

KILLS TWO AND SELF.

JEALOUS OF LANDLADY.

(BY THE ASSOCIATED PRESS—A.M.)

DENVER (Colo.), June 12.—In a jealous rage tonight, Charles E. Byers shot and killed Mrs. May E. Boren, landlady of a rooming-house, followed this by murdering Edward Smith, and then killed himself.

Byers and Smith were lodgers at the rooming-house conducted by Mrs. Boren. Smith was a recent arrival, having come at the solicitation of his friend, Byers.

Last night Byers made accusations against Mrs. Boren and Smith, and as a result was ordered from the house by the woman. Tonight he was granted an interview with Mrs. Boren, and the shooting followed.

Mrs. Boren came here two years ago from Colorado, Kan. A year ago she was divorced from her husband, J. P. Boren, who still resides with two of their children at Howard.

Woman Killed in Reno, of Good New

Jersey Family, Was After

Divorce.

(BY THE ASSOCIATED PRESS—A.M.)

NEWARK (N. J.), June 12.—The young woman who was killed in Reno Wednesday was Mrs. Nan Harrison, wife of John E. Harrison of Bloomfield, N. J., and the daughter of John Mitchell, a prominent business man of East Orange. Both families are well known.

Harry McCausland, who killed Mrs. Harrison, comes from a well-known Philadelphia family. Mrs. Harrison had been in Reno for the purpose of obtaining a divorce so she could marry McCausland, who was insanely jealous of her.

J. R. Harrison and Nan Mitchell were married three years ago. Mrs. Mitchell had a remarkable voice, sang in a church choir and was a social favorite.

Mrs. John Mitchell, her mother, is ill at her home in East Orange.

JURY LOCKED UP.

CONSPIRACY CASE NEAR END.

(BY THE ASSOCIATED PRESS—A.M.)

HARTFORD (Pa.), June 12.—The jury in the capital mortgage furniture contract conspiracy case has been locked up for the night. The verdict, if any is agreed upon, will be received by Judge Kunkel tomorrow morning.

At 10:30 o'clock tonight, after waiting all day for a report from the jury, the judge ordered the jury locked up. The jury has been deliberating since 11:25 a.m.

The jury was instructed to acquit former State Treasurer Snyder, former Auditor-General Mathews and former Superintendent of Grounds and Buildings Shumaker on the ground that the evidence did not show conspiracy. The jury will determine the guilt or innocence of Congressman Casper and Joseph M. Huston, the architect.

DUNCANSON BEAT GIRL WITH CLUB?

New Complaint Sworn by Chino Man Who Says He Witnessed Assault—Judge Bledsoe Makes Startling Accusations.

(BY DIRECT WIRE TO THE TIMES.)

SAN BERNARDINO, June 12.—[Exclusive Dispatch.] Judge F. F. Oster tonight issued a warrant for the arrest of Laura May Frye, charging her with being a dependent child. Her bond was fixed at \$1000. Detective W. H. Baldwin served the warrant late tonight.

This move places the child in the charge of the Juvenile Court, and is taken to prevent Charles Grimes or the Children's Training School of Pasadena from attempting to remove the child from the county.

Now that the Superior Court has finally taken up the case, a judicial investigation will be made into the affairs of the Frye estate, and of Grimes' conduct as guardian in permitting the child to be placed with Duncanson. Humane Officer McAney left for Pasadena this afternoon after the surprising disclosures were made to him by Superior Judge Benjamin F. Bledsoe, State Judge.

"If Mr. Grimes says that he was ignorant of Duncanson's reputation and claims to have been deceived by Rev. O. V. Rice, he says and claims what he knows is not true. A year ago Grimes and Rice appeared in my court with Laura May Frye and Augustus Phillips, wishing to adopt them to Duncanson. I told them both, in each other's hearing, that Duncanson had been so brutal to his own children that they left him, and to this day would not recognize him as their parent. I told them that Duncanson was not a fit person to have charge of any child, and that he could not adopt a child out of my court. I supposed that they had taken the children back to the respective homes from which they had been taken. Had I known that instead of heading off warning they actually left the children with Duncanson, would have been better than that Duncanson after their months ago."

An effort is being made tonight to arrange with the Farmers Bank to provide bonds for Duncanson. The moment he is released on bonds he will be taken into custody, charged with beating his step-daughter over the head with a club. This complaint was sworn to tonight at Chino by a man named Wilcox, who says he witnessed the assault.

McAney today made a personal investigation of Chino and Ontario into the charges of cruelty to children preferred against Duncanson. He says he found conditions in the Duncanson home very bad, the house being a mere shack, great cracks permitting the winds to sweep through the interior, and extreme poverty and filth being everywhere in evidence.

McAney had a long conference with Dr. Duncanson at the County Jail. Duncanson denied all the charges which have been laid at his door, and explained that the boy, Augustus Phillips, was well behaved and obedient until he went to school. There the other boys filled his mind with the idea that he did not have to work, and he refused to do the chores about the house.

"I whipped both the children," explained the accused, "but only sufficiently to make them obey. I was never cruel. Of course, we didn't live luxuriously, but I provided the children with sufficient clothing for a ranch. The charge that I made the little Frye child milk cows is absolutely false. She would pretend to milk, squeeze out a teaspoonful or so of fluid, and then, in her baby way, exclaim that she had milked two gallons or five gallons. She couldn't milk at all."

McAney insists that Dr. Rice of the Victoria children's home is responsible for Charles Grimes having placed the little girl with Duncanson, and offers to assist the Humane Society of this county in obtaining adequate punishment for Rice. Secretary Baker of the Humane Society will also take the next up. Baker has one tin with Rice, and evidence is being secured to

place before the proper authorities, showing that the Victoria Home should have a change of management.

CRIME BRIEFS.

Governor to Pardon Galvin.

SACRAMENTO, June 12.—Gov. Gillett has decided to issue a pardon to Thomas M. Galvin, who was sent to San Quentin from San Francisco for nine years and a half, on a perjury charge, in 1902. Galvin has been on parole since October 20, 1905. In August, 1902, he was sentenced to ten years on a grand larceny charge. The perjury case grew out of that.

TEHERAN, June 12.—[Exclusive Dispatch.] The provinces, hearing of the Shah's attitude, up in arms. The Governor of Tabriz has been turned out and the people are in possession of all the government departments.

Twelve thousand rifles belonging to the government have been seized by the populace of Enzeli. Numerous telegrams from the provinces, continually reaching here, threaten the Shah, and he has several times broken his oath of allegiance to the constitution.

The capital is still under military occupation. Any one carrying arms is disarmed.

REMARKABLE STORY TOLD IN NEW YORK COURT.

No. 1 Appears Upon the Scene and Induces No. 2 to Permit Spouse to Live With Him Two Days, and What Time Is up They Get Into a Dispute.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 12.—[Exclusive Dispatch.] A remarkable story was told in the First Criminal Court at Newark yesterday, when a woman and two men, to both of whom the woman admitted having been married, were arraigned before Judge Howell on a charge of disorderly conduct.

The prisoners were Irene Zammann, 24 years old; Frank Zammann, about the same age, living in Newark; and Henry Jagger, a lawyer, who resides in New York.

According to statements in court Zammann is the woman's first husband, having married her in St. Louis three years ago. They are first cousins. Jagger, who was an intimate friend of the family, married the woman in Chicago three weeks ago. It is claimed shortly before that she left Zammann, and she and Jagger, after they had been married, came to New York. Zammann came from St. Louis to Newark.

Three days ago he came to New York and told Jagger that unless he agreed to let the woman come to Newark and spend a couple of days with him he would commit suicide. Jagger consented, and the woman returned with Zammann, and lived two days with him.

The time was up last night, and Jagger went to Newark to take the woman back. He and Jagger got into a dispute, and while the woman was trying to quiet them Policeman Garney arrested the trio.

Judge Howell fined each prisoner \$25, and they did not have the money. They sent messages to friends to come to their aid.

ELECTED TO OCCIDENTAL Local College Offers English Professorship to Richmond, Ind., High School Instructor.

(BY DIRECT WIRE TO THE TIMES.)

RICHMOND (Ind.) June 12.—[Exclusive Dispatch.] Prof. C. E. Morris, an instructor in English and Latin in the High School, has been elected to the English professorship at Occidental College, Los Angeles, Cal.

Prof. Morris is carefully considering the offer, but as yet he has not decided whether he will accept it. If he decides to accept it, he will leave within a short time.

Prof. Morris became a member of the local High School faculty three years ago, and has proved himself to be an excellent instructor.

He has been quite popular with the students and the members of the faculty.

OFFERS JOB TO BURTON.

Secretary Taft Asks Ohio Congressman

to Act as Umpire in Isthmian

Canal Zone Disputes.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, June 12.—Secretary

Taft today telegraphed to Representa-

tive Burton of Ohio asking him if he

would accept a designation as umpire

of the committee appointed to adju-

dicate disputed land claims on the Isth-

mian Canal zone.

Gov. Mason of Cuba originally was

named as the umpire, but was unable

to serve on account of other duties.

Secretary Taft said that thus far the

American and Panama commissioners

have encountered no difficulty in the

adjustment of the claims.

STILL MORE WATER.

RENEWED RAINS

SEND RIVERS UP.

FLOODS AGAIN THREATEN CITIES

OF KANSAS.

(BY THE ASSOCIATED PRESS.—P.M.)

KANSAAS CITY (Mo.) June 12.—Un-

usually heavy rains fell today in Kan-

sas, Nebraska, Missouri and Iowa, and

the weather bureau predicts the Kan-

sas and Missouri rivers will again reach

the high stage on Wednesday night.

At 5 p.m. the Missouri river had fallen

on 35 of a foot, but had risen 1 of a

foot at St. Joseph and continues to

rise there. The Kaw fell about six

inches today and is stationary tonight.

At Topeka the Kaw is rising rapidly.

The weather bureau predicts the new

flood at Topeka will slightly exceed

that of Tuesday.

All of the tributaries of the Kaw

are very high and more rain is

threatened.

The crest of the new flood here will

be reached Sunday night.

RIVER RISES RAPIDLY.

(BY THE ASSOCIATED PRESS.—P.M.)

TOPEKA (Kan.) June 12.—North To-

peka is threatened with another flood.

The river has risen today from 19.5

feet to 21.5 feet. A bulletin issued by

the local weather bureau at 2 p.m.

says:

"Uniformly heavy rains ranging from

one to two inches, have fallen in the

Kaw Valley, and the present outlook

is that the river at Topeka will rise

two feet in the next thirty-six or forty-

eight hours. Unsettled weather condi-

tions prevail today and showers are

forecast for this part of the state

tonight."

The river already forecasted will put

the river above the flood stage and

more rains would make the situation

serious.

The feed waters of the Kansas River

are rising rapidly. The Republican

river at Junction City has risen sev-

eral feet since yesterday and the Smoky

Hill over three feet. Conditions along

the Smoky Hill bottoms are reported

worse than in 1894. At Manhattan the

Blue rose over three feet today, and is

still rising.

A terrific rain which amounted to

a cloudburst in many portions of the

Kaw Valley, and which was accom-

panied by the heaviest wind and elec-

trical storm of years, swept down over

this territory between the hours of 3

and 1 o'clock this morning.

BOY IS DROWNED.

A small boy named Schibee was

drowned here this morning by the up-

setting of a boat in the asylum

grounds.

Fully three inches of rain fell at

Wamego, thirty miles west, Rock

Creek, north of Wamego, went out of

its banks this morning, flooding the

local territory.

The wind was in the nature of a tor-

nado, blowing down trees and unroof-

ing the Catholic Church at Wamego.

At St. Mary's many trees were

blown down and crops injured. About

the same conditions are reported

from Junction City, Abilene and Sa-

lina.

One of the worst storms of years

prevailed around Holton. The wind and

lightning were terrific, while at least

three inches of water fell.

Council Grove, southeast of here,

experienced a cloudburst, sending the

Neosho River up rapidly and nearly

to the top of the town. Valley Falls,

northeast of here, had nearly four

inches of rain, while much farm land

was under water.

At Round Top the railroad conditions

are better. The Santa Fe report a heavy

rain along their superior branch north

of here this morning, but the

track is all right.

MISSISSIPPI DANGEROUS.

(BY THE ASSOCIATED PRESS.—P.M.)

ST. LOUIS, June 12.—The Mississippi

River, which has been practically sta-

tionary for the past week, although at

flood stage danger mark, is beginning

to rise rapidly. The gauge this morning

marked 20.7 feet, a rise of four-tenths

of a foot the past twenty-four hours.

The danger line is 30 feet. The weather

bureau this morning predicted a stage

of 31.3 by tomorrow, and a fall at a

stage of 21 feet by Sunday marking the

crest of the flood that is pouring down

the Missouri River from Kansas City

and vicinity.

Thousands of acres of fine farm land,

hundreds of homeless people, and

miles of railroad track under water

are the results of the present stage

of high waters in the valleys of the

PUBLIC SERVICE OFFICIAL DRINGS.

SUMMARY OF THE DAY.

To a protesting delegation from South of Elancon Avenue City Attorney Hewitt said yesterday that there can be no new street lights, engine houses or Vrooman Act streets in the shoeing until a decision is handed down by the State Supreme Court settling whether the strip is a part of the city. This case has been pending two years.

Two more saloon-keepers must surrender their restaurant liquor licenses as the result of the tour of inspection by the police commissioners.

Judge Rives took under advisement yesterday A. H. Seebold's application for the probate of Joseph Spino's will, which is attacked by Frank Durrant on technical grounds.

Miss Ruby Casselman's life record was filed by Judge Wilbur yesterday in preparation for her examination this morning. She seeks probation.

Chief Deputy Dist. Atty. Hartley Shaw yesterday gave County Assessor Hopkins an official opinion on disputed questions of corporate taxation in Los Angeles county.

Mrs. D. B. Calvo was adjudged insane by the lunacy commission yesterday, and remanded to custody.

Judge Horwell yesterday took under advisement Mrs. P. Bell's suit for divorce from C. P. Bell on the ground of cruelty.

AT THE CITY HALL.

TROUBLE IN "SHOEING."
IMPROVEMENTS BLOCKED WHILE COURT DELIBERATES.

No Fire Houses or Street Lights Until Supreme Judges Decide Whether Tangle is a Part of the City Proper—Twenty-five Miles of Streets Waiting.

Municipal affairs in the "shoeing" are approaching crisis. For almost two years the residents of this strip have been waiting for a final decision whether they are living in the city of Los Angeles or in the county outside.

Until the State Supreme Court renders a decision they are forced to pay city taxes, but receive from the city neither street lights nor fire protection. They say that they discover that the city residents who when the tax collector and the pound keeper come around.

No streets can be graded, fire houses built or lights placed until the legal status of the strip is determined. In the beginning this was thought to be a question of only a few weeks; but the weeks have grown into years and the case still stays in the courts.

"I had hoped for a decision long before this," said City Attorney Hewitt yesterday. "It does seem to me that there should be some measure of relief for these people, but we can do nothing until the Supreme Court acts."

Petitions have been presented from the shoeing for improving twenty-five miles of streets under Vrooman Act proceedings, these petitions must wait until it is determined that the shoeing is a part of Los Angeles before the Council can proceed.

"There are petitions for street car fares and the railway companies have agreed to grant these requests for the part of the strip east of the city, provided the Supreme Court approves the annexation plan."

The delay of the court indicates that the annexation of this strip brings with it difficult legal problems. There is no contest over the technical proceedings for the annexation; it is granted that these are regular. The only question is whether the annexation statute contemplates adding this "tangle" to the city when the country alongside is left on the outside.

If the whole territory lying between Los Angeles and San Pedro were included in the annexation, there would be no contest. It is now proposed to annex a second strip three times the width of the present one if the court should decide against the shoeing.

APPEAL FOR RETIREMENT.
The South Main Street Improvement Association is inclined to resent some of the strictures that are being pronounced on the official acts of City Auditor Muesel.

The citizens of the South Side have been protesting their course in calling attention to the extravagance in the management of the fund funds, and of the funds of other departments as well.

Apparently they are not fully satisfied that their Councilmen, Wallace and Yenkin, have done all in their power for retrenchment. They assert that Muesel stands "preeminently alone as against the horde of taxpayers."

The resolutions adopted by the association are in part as follows:

"Whereas, we have observed since his induction into office of City Auditor Muesel, that he has at all times taken a decided stand in favor of retrenchment and economy in public affairs, thus saving to the taxpayers thousands of dollars annually, which would otherwise be swept away by the maintenance of an extravagant and incompetent administration, we, the undersigned, do hereby resolve that we will support him in his efforts to stand the side of taxpayers against the horde of taxpayers."

Therefore be it resolved, by the members of the South Main Street Improvement Association, that we will support the stand of City Auditor Muesel in his efforts to stand the side of taxpayers against the horde of taxpayers."

Resolved, that we commend City Auditor Muesel to all citizens and citizens of Los Angeles as a capable, honest and efficient officer, deserving of their confidence and support, and bespeak for him their united support, in his unequal struggle against the taxpayers who would ungratefully desert the foundation of our municipal government.

RESTAURANT INSPECTION.
TWO MORE DISQUALIFIED.
Mayor Harper and the Police Commissioners completed their inspection yesterday of the saloons that carry restaurants as a side line to enable them to do business on Sunday. The report of what they found indicates that at least eight of the saloons must give up their restaurant licenses. Most of the others will be permitted to continue as restaurant keepers, provided they place the restaurant in another room with no side entrance to the saloon.

Yesterday afternoon the commission made an extended inspection of the saloons on East First street, from there a number of complaints have come. The commissioners declined last night to say just which of these saloons must close their restaurants, but they indicated that two restaurant licenses there must be surrendered.

AT THE COURTHOUSE.

WILL PRESENTS LEGAL PUZZLE.

FISHERMAN'S LAST WISH MAY BE DISREGARDED.

Dictates Document to Layman Before Operation from Which He Does not Recover—Non-compliance With Technical Requirements May Prevent Probate as He Contested.

Because Joseph Spino's friends in witnessing his will were ignorant of the law regarding such documents, the last fisherman's \$2700 estate at San Pedro may be divided contrary to his expressed desire. Judge Rives took the technical problem under advisement, after hearing evidence yesterday.

Spino died at the Pacific Hospital on May 15 after an operation for cancer of the liver. He had no relatives, except a sister in France, from whom he had not heard for many years; an uncle, Jacome Doloso, and the father and brother of his dead wife, Antonio Durrant and Frank Durrant. Just before the operation was performed, he told his old friend, Alexander H. Seebold, his physician, Dr. H. Wernick, that he desired to make his will, leaving his property in equal shares to Doloso and Antonio Durrant.

"I wrote out this will," testified Seebold, the executor named in the document, "I wrote it beside Spino's bed at his request, and after it was written I read it to him and asked him if it expressed his wishes, and he said it did. Then he signed it in the presence of Dr. Wernick, myself and J. J. Linares, I sold her a diamond ring at the time, and consented to the arrangement, but when I returned here last week I found the women's national friends kept a prisoner by Mrs. Wilkins, and when I called to see her I was denied admittance. Later I went again, with my wife's brother, De Turk, and we found her confined in a small room from which he took her. In the room with her were three diseased dogs."

Mrs. Turk, who lived in this story, said that Mrs. Calvo did not recognize her for twenty minutes, although she knew her in the hospital. Wilkins did not appear to testify.

Calvo expressed a desire that his wife be placed in some institution where she can be cared for properly for the present.

DRAWN HER BY HAIR.
PENITENTIARY YAWNING.

"If testimony given here is true, this man Bell is in a fair way to go to the penitentiary," commented Judge Bordwell yesterday. The case was Mrs. Francis Bordwell's complaint for divorce from C. P. Bell on the ground of cruelty.

Mrs. Bell testified that she was married in 1903, and that in 1905, she was obliged to leave her home because her husband repeatedly beat and abused her. Charles A. Burton stated that while the Bells were living on East Street, in a house of which he was part tenant, he one day came home and found the neighborhood boys beating Bell's wife. Burton said he broke in the door and found the man dragging the woman about by the hair as he struck her. Other witnesses testified to the same effect.

Bell filed a divorce suit on the grounds of adultery, and Judge Bordwell heard evidence in May. Judge Bordwell said that he was not sure of the quality of the evidence. The court held that improper rigging, rather than the defendant's failure to appear to answer the attack on her character, by saying that she did not understand the nature of the legal proceedings, and that she was willing her husband should get a divorce. Later she decided to get a divorce herself, and the suit is pending. Her counsel said that the woman and her husband are Italian, and too ignorant of American institutions and language to protect their rights.

COURTHOUSE NOTES.
BREVITIES MISCELLANEOUS.
DAMAGED FRUIT.

Yesterday gave judgment in favor of R. H. Shoemaker, Jr., sued by Charles Under. Spokane, Wash., to recover \$125 alleged due for loss on a carload of apples shipped in 1906, which were asserted to be below the quality ordered. The court held that improper rigging, rather than the defendant's failure to appear to answer the attack on her character, by saying that she did not understand the nature of the legal proceedings, and that she was willing her husband should get a divorce. Later she decided to get a divorce herself, and the suit is pending. Her counsel said that the woman and her husband are Italian, and too ignorant of American institutions and language to protect their rights.

MEDICAL LAW. Judge Wilbur took under advisement Carl Schult's appeal from a Police Court sentence of \$100 fine or sixty days for practicing medicine without a license. Attorney George Sanders, Schult's counsel, contended that the State laws governing medical practice are defective in their definition of "practice," while Attorney Grant Bennett, for the people, contended that the diagnosis of disease is of the essence of medical practice, and that the defendant, Schult, was guilty of a violation of the law.

CONDEMNATION. The city of Los Angeles yesterday filed in the Superior Court two suits against C. W. Schmidt, M. Hirschfeld and others, in condemnation of a new schedule of Stanford Avenue from Vernon Avenue to Forty-fifth street, and Budlong Avenue between Forty-sixth and Forty-seventh streets, respectively.

WILL FILED. Mrs. Theresa M. Wagar, executrix of the will of Charles P. Wagar, who died in Los Angeles June 6, leaving his \$37,000 estate in study at Potomac (New York) State Normal School. She left this school because of a nervous breakdown. When Mrs. Martin removed to Danbury, N. H., the young woman taught in the public schools there, and then came, with her aunt, to this city.

Miss Casselman says that during her residence in California she has spent two months in a business college and three months in a boarding school of telegraphy. She was arrested for forgery on September 13, 1905, December 21, 1907 and May 8, 1908. She was paroled on the first charge in January, 1906, and convicted on the second charge last month.

Concerning her forgeries, Miss Casselman says: "If I am guilty, my acts were committed when I was in such a condition of mind that I had no control of having committed forgeries."

Advocates are appended to the petition by T. B. Davis, Mrs. Julia Davis and Miss Julia Davis of Verona Drive, South Hollywood, who state that if Miss Casselman is admitted to probation, she will be received into the Davis home, and there receive such

medical treatment and care as her condition may require. Many witnesses will be summoned in the prisoner's behalf this morning, and the hearing is expected to consume the entire day.

ADVISES ASSESSOR.
TAX PROBLEMS SETTLED.

Chief Deputy District Attorney Hartley Shaw yesterday forwarded to County Assessor E. W. Hopkins, in response to the latter's request, an official opinion on the Assessor's right to tax the State franchise of the Home Telephone and Telegraph Company, the reclaimed tide land leased by the city of Long Beach to the Salt Lake system's Southern Pacific Railroad Company bonds owned by residents of Los Angeles county.

Mrs. Shaw holds that as the principal office of the telephone company is at Chicago, in San Bernardino county, its State franchise cannot be taxed in this county. It is the right of this county to collect a tax from the Salt Lake system on its leasehold rights in reclaimed tide lands, and the right to impose a tax on the bonds owned in this county, provided these cover portions of the railroad system lying outside the State, but not otherwise.

WIFE IS INSANE.
HUSBAND'S SAD STORY.

Mrs. D. B. Calvo, rescued by her husband last Tuesday from Mrs. E. D. Wilkins' home at No. 723 West Ninth street, where, he declared, she had been kept a prisoner, was adjudged insane by the Lunacy Commission yesterday, and ordered confined until her husband can make arrangements for her care.

"My wife underwent an operation at the County Hospital last spring and became irresponsible afterward," said Calvo, "for a time she remained in the insane ward there, but in April Mrs. Wilkins offered to board my wife for the \$100 a month, and she went to her home. I sold her a diamond ring at the time, and consented to the arrangement, but when I returned here last week I found the women's national friends kept a prisoner by Mrs. Wilkins, and when I called to see her I was denied admittance. Later I went again, with my wife's brother, De Turk, and we found her confined in a small room from which he took her. In the room with her were three diseased dogs."

Mrs. Turk, who lived in this story, said that Mrs. Calvo did not recognize her for twenty minutes, although she knew her in the hospital. Wilkins did not appear to testify.

Calvo expressed a desire that his wife be placed in some institution where she can be cared for properly for the present.

PAROLED. G. L. Tallmadge and

H. G. Angell, who pleaded guilty to the grand larceny of Navajo blankets from the Benham Indian Trading Company's store last January, were placed on probation for five years each by Judge Wilbur yesterday, as investigation showed that they had previous good records. Tallmadge's mother is said to be dying, while his wife is seriously ill.

TRIAL SET. Judge Wilbur yesterday set July 7 for John La Pique's trial on a charge of obtaining money under false pretenses from Santiago Cameros. La Pique argued his own motion to set aside the information. His motion was denied.

INJURIES. Eleuterio Ruiz yesterday filed a \$15,000 damage suit against the Southern Pacific Railroad Company for the loss of his left leg, which he says was crushed November 25, 1907, while he was working on the company's gravel train. He alleges that he was ordered to stand in a dangerous position, and that when the train started he fell on his leg. Ruiz in another suit asks \$15,000 from the Southern Pacific and its physician, Dr. Horace Gates, for the latter's alleged malpractice in amputating the leg crushed. Ruiz says that five amputations of parts of the leg were necessary because Dr. Gates treated his injury in an incompetent manner.

ASKS COMMUTATION. Judge Wilbur has received notice that Nebraska relatives of Daniel Meskil, the murderer of Policeman P. J. Lyons, have petitioned Governor Gillett to commute his sentence to life imprisonment.

AFTER EMPLOYMENT AGENTS.
Two Arraigned in Police Court on Charge of Misrepresenting Facts.

Charged with violating both State and city laws regarding the obligations of employment agents to their clients, E. J. P. and C. M. Diamond, of No. 215 South Main street, were arraigned in the Police Court yesterday, and their trials set for June 27. Each was released on \$100 bail.

Many complaints against local employment agencies, which were made by men and boys, who alleged that they were sent to the Imperial Valley under a guarantee that they would find work, have been received by Prosecuting Attorney Ford. Scores of mothers, too, told pitiful stories of the treatment accorded their sons.

Phelan stated yesterday that he had not been doing an employment agent's business, but had simply arranged for the boys to pick melons. He said that he had engaged only schoolboys, because he wanted to send a good class of labor to the cantaloupe fields.

The City Prosecutor said: "Phelan's statement sounds well, but it doesn't conform to reports we have received. This afternoon a foreigner showed me a Phelan contract, and said that the man had promised under a guarantee that they would find work, have been received by Prosecuting Attorney Ford. Scores of mothers, too, told pitiful stories of the treatment accorded their sons."

RECEIVER VS. RECEIVER.

The receiver of the California Bank of Oakland has asked in the Second District Court of Appeals for a writ to restrain the receiver of the Collins Bank of Ventura county from exercising his jurisdiction. It is claimed that the State courts had no jurisdiction over that institution, of which the Oakland bank was a creditor. There will be a hearing on the 23d inst. on an order to show cause why a permanent injunction should not be granted.

SIX CHINESE TO GO HENCE.

Six Chinamen who were arrested at Santa Ana, a few weeks ago, were ordered deported yesterday by United States Commissioner Van Dyke. One other Mongolian, who is out on bail, will fight against a similar fate. The six prisoners will not be sent out of the country until immigration officials have interrogated them regarding an alleged smuggling conspiracy on the Mexican border.

WOUNDED NEGRO IN COURT.

William Kelly, negro, who was shot in the leg Thursday night while resisting arrest, was arraigned in Justice Chambers' court, yesterday, on a charge of assault with a dangerous weapon. He was taken from the store of I. Goldstein at No. 127 East First Street. He entered a plea of not guilty, and will be tried on June 25.

CHARGED WITH ARSON.

Mrs. Ruelo Reyes Yivarra, 50 years of age, was arraigned yesterday in Justice Chambers' court on a charge of arson. She is alleged to have confessed to setting fire to the home of Joseph Verdugo at No. 216 East Third street, for revenge. A patrolman says he saw the woman pour oil on the porch of the house and ignite it.

MALACARA COMMITTED.

Man Accused by Mexican Government Held Without Bail Awaiting Extradition Proceedings.

Salvador Malacara, the young Mexican internal revenue officer who is charged with embezzling \$25,000 from the Mexican government at Leon, State of Guanajuato, was arraigned yesterday in United States Commissioner Van Dyke, yesterday, and committed to the County Jail, without bail. In all cases of extradition, the United States government refuses to accept bail without the consent of the foreign nation which seeks the removal of the prisoner.

The present proceedings are taken under a provisional complaint, authorized by the treaty between this country and Mexico. A transcript of the evidence needed to secure extradition will be forwarded from Washington to United States Dist. Atty. Oscar Lawrence. Antonio Losano, the local Mexican Consul, will look after the interests of his government.

Malacara has been concealed in Los Angeles for some time and it was through the skill of Deputy United States Marshal Bert Franklin that the alleged embezzler was discovered and arrested. Through an interpreter the defendant informed Commissioner Van Dyke that he was innocent of the charge against him and that he would employ an attorney to safeguard his interests and fight extradition. The prisoner's wife will remain to aid her husband.

MILLIONS OF LAKE ELSINORE.

Bays Alkaline Lake, Will
With Fresh Water, Build a
and Construct Big Power

from the mountains, and mountain streams, now running to waste will be turned and added to the waters of the river. Flood waters from the Santa Ana, and the winter torrents ordinarily wasted in the overflow of the river and lake, will be conserved, and utilized, first to develop power, and then to irrigate the great San Joaquin ranch, owned by James Irvine, below Santa Ana. The waters will be conveyed from the lake through flumes and a pressure pipe to a high cliff over the Santa Ana River, and from there will be conducted to the ranch. A drop of 100 feet will be obtained by so doing, and this, it is estimated, will produce 1000 horse-power, worth, at the rate of \$20 per horse-power per month, \$20,000 per month.

This plan will not be an experiment with Mr. Irvine. It is a fact, and the engineer of the Alpine Land and Reservoir Company's system in Alpine county, consisting of thirteen lakes and basins for water storage and power development.

The original Laguna Rancho, conveyed to Juan Sandoval years ago by a Spanish land grant, forms part of the bed of the lake. This Mr. Irvine owns.

The San Jacinto River feeds about 1500 inches of water to the lake. This flow will be materially increased by the proposed improvements, and the flow through the pressure pipe can be thoroughly regulated by means of the dike across the lower end.

At the minimum valuation of \$8 per acre foot for water storage, the lake is valued at \$100,000 as a storage reservoir alone, and with the additional value from the power development the deal assumes gigantic proportions.

Plans proposed will include four giant generators in the power-house, the electric current to be developed being placed at 200 kilowatts. The lake is alkaline, but the matter has not been deposited on the bottom, nor encrusted on the shores, and once the present water is drained off and the lakebed flushed out there should be no trouble over possible salts in the water.

Another deal will be filed today at Riverside by William Collier and Mrs. Graham of that city, conveying certain interests in Alpine county to Mr. Irvine in connection with this project. This will practically conclude the land deal, only a few hundred feet of right of way for the flume line remaining to be obtained.

RIVERSIDE, June 12.—Several years ago the Temescal Water Company purchased Lake Elsinore for the purpose of conveying the water to Corona for the irrigation of the orange groves, but was forced to discontinue its use because of the alkaline character of the water. In the conveyance of the property it is stipulated that the water taken from the lake by artificial means must be conveyed in a cement ditch or pipe in such a way as to prevent its mingling with the natural flow of the cañon, or with any of the water belonging to the Temescal Water Company.

FRAGRANT FRUIT
ROLLS TO EAST.IMPERIAL VALLEY MELON CROP
GREATEST EVER.

Regular Daily Train Established to
Gather Cans from Various Centers.
Labor Situation Adjusting Itself.
Season's First Shipment of Water-
melons Comes Here.

(BY DIRECT WIRE TO THE TIMES.)

EL CENTRO, June 12.—(Exclusive
Dispatch.) Forty-seven carloads of
luscious, fragrant Imperial Valley
cantaloupes rolled out of valley pack-
ing sheds for coast and eastern mar-
kets today.

The melon shipments thus far total 141 carloads, besides heavy express shipments of small lots made during the first of the season. Seven carloads were sent from El Centro today. The prospect is that the El Centro Cantaloupe Growers' Association will send out at least three cars per day for the ensuing week, and the shipments may reach four or five cars per day by the last of the week. This association sent out its first full carload the 7th inst., another on the 8th, two on the 9th, two on the 10th, and three on the 11th inst.

This is the original melon association of El Centro, and is composed of experienced melon growers who have 540 acres of cantaloupes, pronounced first-class by field inspectors. Not more than one-half of the members have begun shipments yet, but within another week the entire acreage will be sending its melons to El Centro packing sheds.

The El Centro Fancy Melon Growers' Association at this early stage has sent out four-fifths as many cantaloupes as were handled by it for the entire season last year. Its first carload last year was sent out June 2. Last year's shipments from El Centro amounted to 140 cars, with twenty-four sent here from Holtville district. This year the El Centro Fancy Melon Growers' Association will have a crop of first-class melons from 1000 acres. Tomorrow morning a regular melon train will be established to run out of the valley daily. Switch engines will gather cars from various points and haul them to Brawley, where the melon train will be made up.

LABOR SITUATION BETTER.

The labor situation is adjusting itself. A large number of men and boys have found work in the fields and sheds during the past four days; some went back to Los Angeles, while others are awaiting employment. There is a class of considerable size which works a few days and then is contented to loaf until the money earned is exhausted.

FIRST WATERMELONS.

Frank Little is the first shipper of watermelons from the valley this season. He sent out a shipment to Los Angeles Wednesday, and will send out a carload during the ensuing week. Shipments will also be made from the ranch of Arkelian Bros., who have a field of eighty acres planted to watermelons.

HIGHGROVE TO HAVE BANK.

Rapidly Growing Suburb of Riverside
Will Soon Have Financial Insti-
tution Opened There.

RIVERSIDE, June 12.—As soon as the necessary papers are received from Washington, the First National Bank of Highgrove will open. It is capitalized at \$25,000, fully paid up. Stockholders include leading citizens of Highgrove, and directors of the First National Bank of Riverside.

The rapidly increasing commercial and industrial interests of this orange-growing suburb of Riverside make a bank a necessity. The shipments of citrus fruits alone exceed 1000 carloads annually.

At the home of the bride on Riverside avenue, yesterday, Miss Irene La Rue, daughter of Seneca La Rue, was married to William A. Johnson, son of Chief of Police W. B. Johnson. The ceremony was performed by Rev. Herbert E. Benton, pastor of All Souls' Universalist Church.

With the promise of assistance from the Riverside Business Men's Association, the Riverside Christian Endeavor societies will begin at once to work for the selection of this city as the place for the 1909 State Christian Endeavor convention. About forty delegates will go from Riverside county to the State convention, which will be held soon in Sacramento, and an urgent invitation will be extended at that time for the next annual gathering.

The Chamber of Commerce director, at their meeting yesterday, went on record as favorable to the project of bonding the city for the construction of permanent macadam roads along the principal thoroughfares from the city line on the north to the city limits on the south. The secretary was instructed to send a letter to Gov. Gillett, expressing approval of his plan for State aid in good road construction and pledging support in anything that may be needed to put the plan in operation.

Announcement made today that the first overland train over the Santa Fe will pass through this city Sunday, after that thereafter Nos. 7 and 8, which have been run between Los Angeles and Barstow by way of North Pomona and Upland, will come through Riverside instead.

Why not spend a few delightful days at the magnificent Virginia, Long Beach? American plan, moderate rates. Write for booklet.

PERRIS.

PERRIS, June 12.—The Simmon Automatic Railway Signal Company, which for some months has had a shop here experimenting on the branch of the Santa Fe between here and Highgrove, has just been awarded the contract to equip the subway in New York with its safety devices. P. J. Simmon, the inventor and president of the company, has been in New York for several months exhibiting his patents before the Interstate Commerce Commission, which awarded him second prize.

Mrs. Samuel Poorman and daughter, Miss Alice, of Alameda, and Samuel Poorman, Jr., of San Francisco, are visiting Edward Poorman of this place.

Miss May Penney of Bishop is visiting her uncle, M. A. Penney. Commencement exercises for the eighth grade pupils will be held in Evelyn Hall Monday evening.

A. C. Johnson, cashier of the Whittier National Bank, has purchased of H. G. Hall and others, through C. E. Ogger & Co., eighty acres of unimproved land in the Riverside tract, three miles north of here, and near the old Indian school. He intends to develop water with a pumping plant and grow oranges and walnuts.

"The Times" at
the ConventionSTRONG, ATTRACTIVE,
ACCURATE

Galaxy of Brilliant and Sententious Writers

In the world's eye the thing that looms at the present time is the National Republican Convention at Chicago.

The Times will print the most complete, interesting, "salty" and informing reports of this great event.

In addition to the very full and comprehensive reports of the Associated Press, The Times will have dispatches daily from two of its own home staff, being represented at Chicago by

MR. GEORGE W. BURTON
and
MR. HARRY C. CARR.

The Times also has secured the services of William Allen White, famous in literary and journalistic fields.

WILLIAM ALLEN WHITE.

William Allen White has been designated by one of America's greatest journalists as "the most representative, wholesome and attractive media of expression now at large in the United States."

Born in Kansas less than two score of years ago, at twenty-eight, Mr. White had already focused national attention. He has come with something to say worth while, and he said it with such a clean, clear sense that he is now looked upon by trained "watchers on" as one of the most accurate, far-seeing and people-appealing of all the major prophets of this generation.

The editorial, "What's the Matter with Kansas?" written by Mr. White for his own paper, The Emporia (Kansas) Gazette, during the campaign of 1896, thereafter distributed by the million as a tract by the National Republican Committee under the direction of Mark Hanna, was not a hot matter, but the spontaneous pencil dash from the hands of a man whose heart and head had never been kept apart with the affairs and interest of his State. And while the editorial attracted immediate attention, it was nothing out of the ordinary excepting that it reflected the thought and talent of the man writing it.

Mr. White will visit the Chicago Convention as a virile newspaperman, a man who has done things with ink and type, nerved for news, trained for space and been personally assailed for his editorial courage. He is a man who knows the political art from the standpoint of a high thinking layman who has followed and reported the deeds and doings of the vanishing American West from his story to his own seeming doom. He has studied and knows the sub-work radiating from the County, State and National political organizations as the school boy knows his maps, and he has always written with his heart in the thought, leaving consequences alone.

One of Mr. White's most notable convention reports was that of the last Democratic Convention at St. Louis. He wrote the Republican Convention, treating it from its human interest aspect.

His preliminary articles will experiment with the happenings of the thrilling days to follow, and after the Convention proper assemblies, a (typographic) will be sent out from the Convention Hall daily in this paper.

The makers of the convention, the dominators of its movement, the builders of its candidates, will be discussed in Mr. White's own inimitable style, with touches of his rare characteristic, his keenness, his humor, his wit, his insight, his interest, experience and blood-color dealing with the live elements of the convention will be handled.

These articles will appear exclusively in this paper in this city during the convention. Watch for them. You will not fail to read them.

The Times will have the exclusive service in California of "Raymond" and the staff of the Chicago Tribune, the greatest newspaper in Chicago, covering the convention at all points.

Every stirring, up-to-date man and woman in California will be eager to read The Times during convention week. Its columns will thrill with the most vital interest, and be alive with the action of the nation's most appealing life story of the current day.

The convention will assemble June 16. The Times will be sent to any address for the week for 20 cents.

BURNS OVER LARGE AREA.

Forest Fire Rages in Lower San Jacinto
Valley—San Diego Has Another
Daylight Burglary.

SAN DIEGO, June 12.—Reports of a forest fire raging at the foot of Mt. Gower and near the headwaters of San Vicente Creek reached here last night in a telegram to Forest Supervisor Harold Marshall. The blaze was visible from Ramona during the afternoon, and at that place it was reported the flames started in the vicinity of the Klondike mines. The fire burned over a large district in the lower San Jacinto Valley before it was checked by the rangers.

ANOTHER DAYLIGHT BURGLARY.

A second daylight burglary of the week was reported to the police yesterday by Mr. and Mrs. Henry Harris, whose apartments in the business section of the city were entered during their absence, and several valuable pieces of jewelry and a pair of turquoise earrings stolen. After the thief had kept the jewelry two days they were returned at night, entrance being made through the kitchen of the apartment where Mr. Harris found the property in a package on the dining table after he had been awakened by the person making exit from the room.

TO BUILD COAST ROAD.

The newly-created highway commission has decided to give first attention to the building of the coast road to Los Angeles. Engineer George Cook, employed by the board, will start out Monday to select the best possible route. The building of this road will

mean much to automobilists and others who frequently travel overland between this city and Los Angeles. It is expected that construction will begin within thirty to sixty days.

MYSTERY DEEPENS.

The finding of a pocketbook in the flush tank of an outbuilding on D and Columbia streets a few days ago is expected to lead to a murder mystery, according to reports now being investigated by the police.

These are to the effect that a body was buried on a vacant piece of ground two blocks from where the pocketbook was found. According to the story of a Mexican he saw two men digging a hole, and he watched them bury something, late one night. The Mexican said he thought they were burying a dead dog or cat, and he paid no further attention to the matter. He says the date was about May 1.

DEATHS CLOSE TOGETHER.

The sudden death of Martin Hennion yesterday afternoon followed that of his brother-in-law, Judge N. H. Conklin, in San Diego Mr. Hennion was also a victim of apoplexy. Yesterday morning he was sitting up and talked of attending his brother-in-law's funeral. Later he was seized with apoplexy and died within ten minutes. He was 72 years of age, and was a veteran of the Civil War, serving as a member of Co. G, Second Colorado Cavalry, from which he was mustered out with the rank of second lieutenant.

hills are here early this morning. The auto, loaded with camp paraphernalia, suddenly took fire in front of the Stewart Hotel. Both women were in the car. The car burst into flames and the women were killed. They were then fainting dead away. "Hurry to repair," exclaimed Wardell, after the first fire had been extinguished. "I am sure thousands of dollars are at stake, my destination is time." It is believed they were racing to reach publication before the facts got out. They were delayed two hours by the accident.

SWEARS TO COMPLAINT.

Mr. Grace H. Griffin this afternoon swore to a complaint against District Attorney, charging Joseph Annable with disturbing the peace. A warrant has been placed with Commissioner of the Court to go to jail tomorrow after the accused. Annable finished all the money for Mrs. Griffin, get a divorce from her husband and five children. The first decree the first decree was issued. Mrs. Griffin and Annable went to Klamath Falls, where they were arrested. Both swearing, both swearing that they were residents of Denver. Both admit they were married. Mrs. Griffin said that at Mrs. Griffin was guilty of bigamy, no final decree had been handed down. She married her from Griffin, Annable and the children. Mrs. Griffin and separated. Several nights he attacked and threatened to kill her.

TROLLEY FOR OXNARD.

Will Connect With Bakerfield-Ventura Line—Anti-Saloon League to Enter State Politics.

VENTURA, June 12.—Oxnard is to have a street car line. T. C. Cameron, whose wife is the daughter of the

Senator to Washington to fight, with Iowa line progressive delegates from Wisconsin and the North States, the Senate might have England control.

But without Deliver of man on the floor, Bryan, man, and probably the force politics from Wall Street, have Cummins and men of kind. Cummins Democrats might send, and victory in the Mississippi Valley is to be expected.

The Democrats for the generation are using new politics. They are getting in Missouri and Kentucky and States all factional divided. In New York they made a deal for Bryan, the anti-race-track-gambling middle States old quarrels are settled. The leaders consulting have bringing disconcerting rural. All the harm was.

ALLIES GETTING IN

So even the allies are making obvious fact that Taft against Southern delegates, has each on the mass of each that contests were trumped hope of conquering the National meeting sealing anti-Taft allies deeply into the mix. They are merging them the whole Republican program.

It seems unlikely that Bryan will control the voting of the platform of the meets. The allies and he will vote on the platform matter of President Wilson appeals to each delegate, and of Bryan is the beginning
